## 3528 SINGLE COLOUR LED STRIP

The 3528 single die LED strip is very versatile. By using 3528 SMD LEDs we can change the pitch of the LED allowing for 30/60/120 per metre. Ideal for use where lighting is required with little heat and low power. Each roll comes with 3M double sided tape on the back for easy installation.

PART NUMBER	LED QTY (Pcs/M) XXX	LED COLOUR	WORKING VOLTAGE (V)	POWER (W)	LUMINOUS FLUX (LM/M)	IP GRADING AVAILABLE YY
