

## 5050 Flexible LED STRIP

The 5050 triple die LED strip is the brightest flexible option available. Due to the increased brightness and heat generation the pitch of the LED is available in 30/60 per metre. As there are 3 dies per chip this product also comes in an RGB colour change option.

Available IP rated and on different coloured PCB board on request (subject to cost and lead time adjustments) Each roll comes with 3M double sided tape on the back for easy installation.

PART NUMBER	LED QTY (Pcs/M) XXX	LED COLOUR	WORKING VOLTAGE (V)	POWER (W)	LUMINOUS FLUX (LM/M)	IP GRADING AVAILABLE YY
